

PROFESSIONAL OVERVIEW

Front End Development professional skilled in HTML, CSS, JavaScript, and React. Known for strong team collaboration, adaptability, and delivering high-quality results. Adapt at creating intuitive user interfaces and enhancing user experience. Reliable, flexible, and driven by passion for innovative web technologies.

INTERNSHIP

Full Stack Developer Intern Cloud Space Designing | Jan 2025 – June 2025

During my internship at Cloud Space Design, I gained hands-on experience in full-stack web development with a focus on frontend design and database integration. I contributed to real-time projects that enhanced my understanding of the software development lifecycle and modern web standards. My work involved developing responsive interfaces using React.js, ensuring cross-browser compatibility, debugging issues, and integrating frontend components with a MySQL database.

PROJECT

To – Do App

Built a responsive React To-Do App with add, edit, delete tasks, real-time updates, and local Storage for persistent task management.
